Map 5 State Infrastructure Strategy for the Central Coast (2008)

Source: State Infrastructure Strategy, New South Wales 2008–09 to 2017–18

The State's electricity transmission and distribution network businesses are regulated by the Australian Energy Regulator (AER). Projects and costs are amended annually in accordance with the capital programs set under AER determinations. The next determination will be for the five year period commencing in July 2009.
