

Form 2 – Declaration and certification made by a structural engineer or civil engineer and geotechnical engineer or engineering geologist in relation to a geotechnical report

DA Number: _____

To be submitted with structural design forming part of an application for a construction certificate

This form must be attached with the submission of the structural documentation required for the determination of a construction certificate or combined development application and construction certificate submission. The applicant must issue a copy of the structural documents and form 2 to the geotechnical engineer who prepared or technically verified the geotechnical report for the development application now requiring a construction certificate.

Please contact the Alpine Resorts Team in Jindabyne for further information - phone 02 6456 1733.

To complete this form, please place a cross in the appropriate boxes [] and complete all sections.

1. Declaration made by structural or civil engineer in relation to the geotechnical report

I, Mr [] Ms [] Mrs [] Dr [] Other []

First Name Family Name

OF Company/organisation

certify that I am a structural or civil engineer as defined by the "Policy" and I have prepared the below listed structural documents in accordance with the recommendations given in the following geotechnical report:

Title of geotechnical report

Development Site Address

Author Dated

List of Structural Documents

I am aware that the certifying authority will rely on this declaration in granting a construction certificate for works to which the above design documents and geotechnical report relate.

Signature

Chartered professional status

Name

Date

2. Declaration made by geotechnical engineer or engineering geologist in relation to structural drawings

I,

Mr

Ms

Mrs

Dr

Other

First Name

Family Name

OF

Company/organisation

certify that I prepared and/or technically verified the above geotechnical report and now certify that I have viewed the above listed structural documents prepared for the same development. I am satisfied that the recommendations given in the above geotechnical report have been incorporated into the structural design as specifically intended.
