Letter of Support: Hunters Hill Council draft Local Strategic Planning Statement

Thank you for submitting the Hunters Hill draft Local Strategic Planning Statement (LSPS) seeking the support from the Greater Sydney Commission (the Commission) for consistency with the Greater Sydney Region Plan – *A Metropolis of Three Cities* (GSRP) and North District Plan. The making of LSPSs by councils in Greater Sydney marks a milestone in the delivery of planning reforms that place greater emphasis on strategic planning.

In our role as the Commission's Assurance Panel, we appreciate that these first LSPSs across Greater Sydney are foundational in strengthening how growth and change will be managed in the future. We note your draft LSPS has been prepared in response to the provisions of Section 3.9 of the *Environmental Planning & Assessment Act 1979* (EP&A Act).

We confirm that the Commission supports Hunters Hill Council's draft Local Strategic Planning Statement (March 2020) as being consistent with the Greater Sydney Region Plan and North District Plan (under Section 3.9(3A) of the EP&A Act).

Our decision on consistency reflects the work already undertaken informing your first LSPS. It also reflects that work is still in progress (including the Local Housing Strategy) which will further support the LSPS and inform future updates.

The Commission's support is based, in part, on Council's intent to deliver the North District Plan as set out in the Local Strategic Planning Statement.

In this context, the Commission's expectation is that Council will undertake a program of work to implement the LSPS and has, at **Attachment A**, included Advisory Notes to assist Council. These Advisory Notes have regard to:

- the interrelationship of the LSPS, housing targets and the Local Housing Strategy for Hunters Hill;
- updates to population projections during the preparation of the LSPS;
- Future Transport 2056's city-shaping and city-serving transport infrastructure;
- interdependencies with State government programs and policies;
- key initiatives that relate to resilience planning; and
- Council-led initiatives identified for further investigation.

It is further noted that Council may need to update the LSPS as key supporting studies, including the Local Housing Strategy, are finalised.

In conclusion, we acknowledge the significant amount of work that Council has undertaken to develop the LSPS, and the spirit of collaboration that Council has shown throughout this process. Please pass on our thanks to all the members of your team who have assisted in achieving this significant milestone for Hunters Hill Council. We look forward to continuing our work together creating a more liveable, productive and sustainable Greater Sydney.

With the benefit of this Letter of Support, it is now up to Council to determine whether it will make the draft LSPS (March 2020). Please note that no further amendments may be made to the LSPS prior to it being made (unless a further Letter of Support is obtained from the Commission).

Please be advised that once the LSPS is published on the NSW ePlanning Portal the LSPS Tracker on the Commission's website will be updated to include this Letter of Support. Should you have any questions on the making of your LSPS, please contact Amanda Harvey, A/Executive Director, Eastern Harbour City, Department of Planning, Industry and Environment on (02) 8275 1120 or Amanda.Harvey@planning.nsw.gov.au.

Yours sincerely,

These Advisory Notes highlight key considerations to support Council in the implementation of the first LSPS.

North District Plan Themes/Priorities/Actions	Considerations for implementation of the LSPS
Infrastructure and Collaboration	
<p>1. State-led transport investigations and projects</p> <p><i>Planning Priority N1, Action 3 seeks to align forecast growth with infrastructure.</i></p>	<ul style="list-style-type: none"> Continue to consult with Transport for NSW (TfNSW) on transport initiatives in Future Transport 2056¹ including: <ul style="list-style-type: none"> 0-10 year committed initiatives in progress²: Victoria Road public transport improvements, and Ferry Fleet Replacement Program, including upgraded services on Parramatta River ferries.

<p>5. Local Housing Strategy</p> <p><i>6-10 year housing target</i></p> <p><i>Planning Priority N5, Action 17(b) requires Local Housing Strategies to address the delivery of 6-10 year (when agreed) housing supply targets for each local government area</i></p>	<ul style="list-style-type: none"> As set out in Action 4 of the Greater Sydney Region Plan, Council's 6-10 year housing target is to inform the development of updated local environmental plans (LEPs) and housing strategies. The Commission notes: <ul style="list-style-type: none"> Council's LSPS indicates a need for an additional 150 new dwellings in the period 2021 to 2026⁵. DPIE monitoring⁶ shows the current housing supply forecast for the period 2019/2020 to 2023/24 is 150 dwellings. In this context, Council is to show how they can meet an indicative draft range 6-10 year housing target for the period 2021/22 to 2025/26 of 150 - 200 dwellings as part of their Local Housing Strategy and relevant LEP update. Testing this indicative range is to include a preliminary assessment of any relevant NSW Government investment decisions in consultation with State agencies. Where relevant data is available, councils are to identify the contribution of non-standard dwellings⁷ (seniors housing, boarding houses and secondary dwellings) in relation to this indicative range.
