

OUR GREATER SYDNEY 2056

North Sydney Council

Council snapshot of the draft *North District Plan*

The vision for Greater Sydney as a metropolis of three cities – the Western Parkland City, the Central River City and the Eastern Harbour City – means residents in the North District will have quicker and easier access to a wider range of jobs, housing types and activities.

The North District is part of the Eastern Harbour City. Its expansive national parks, waterways and beaches provide a natural setting for its vibrant, productive centres and strong community connections.

The District comprises geographically diverse, economically strong and environmentally aware communities who value and embrace progress, the local landscape and a great quality of life.

The draft *North District Plan* guides the growth of the District within the context of the metropolis of three cities to improve the District's social,

economic and environmental assets. The draft Plan guides this growth by protecting the District's many lifestyle assets – from the bush, to its world-class beaches and Sydney Harbour, its vibrant local centres and heritage.

The District will attract even more local, domestic and international visitors as this thriving modern economy grows and coexists within beautiful, natural landscapes.

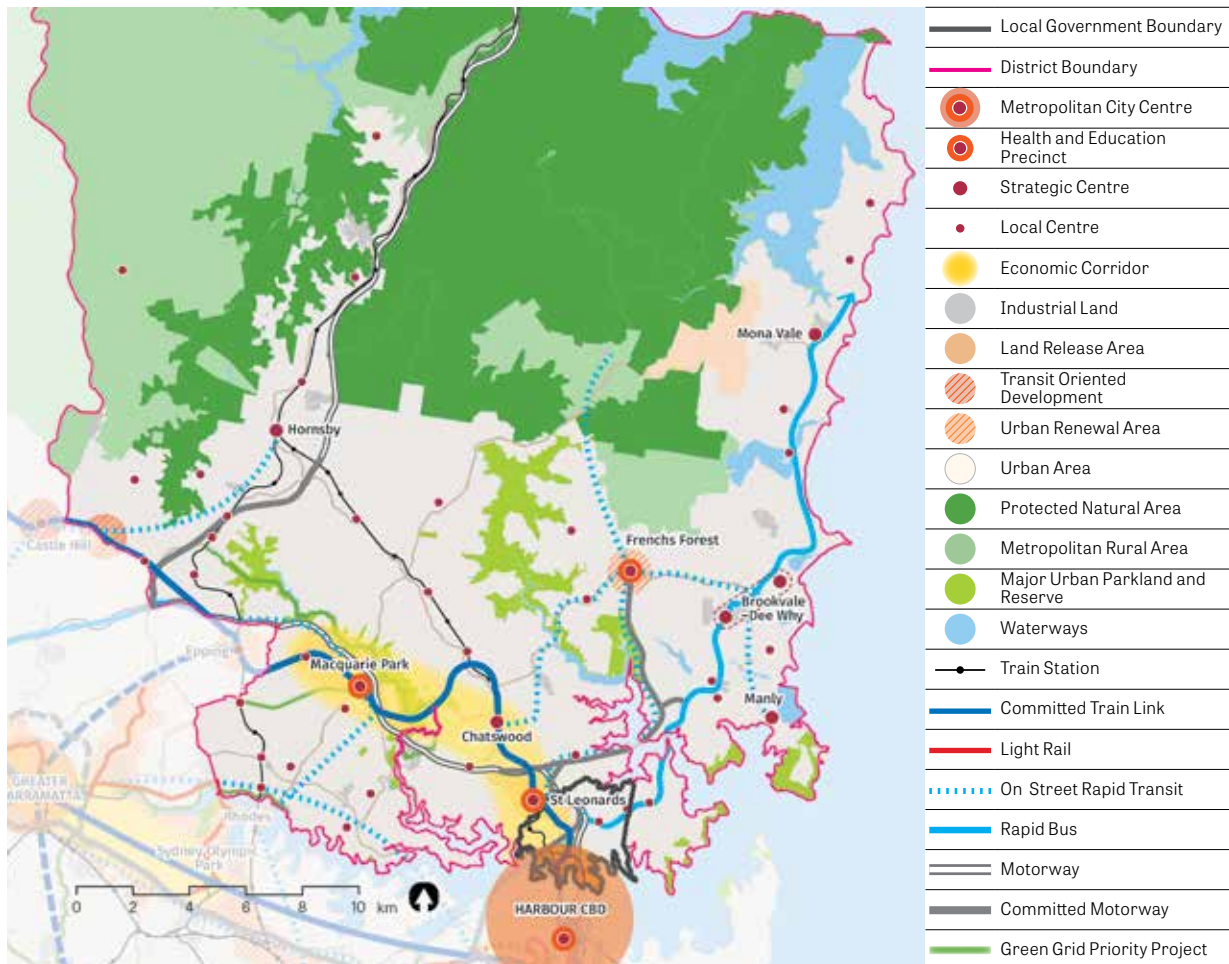

Housing and jobs will be targeted in the right places, aligned to new and enhanced infrastructure. Sydney Metro will create fast and efficient rail connections to both the Harbour CBD in the south and the growing communities in the northwest, while re-energising centres along its corridor.

Economic growth and a greater diversity of jobs will be targeted in the strategic centres of St Leonards, Chatswood, Macquarie Park, Brookvale-Dee Why, Hornsby and in Manly and Mona Vale as required. The Northern Beaches Hospital at Frenchs Forest will significantly boost the District's businesses and jobs in the health sector.

North Sydney's commercial core will be enhanced to strengthen the District's economic links to the Harbour CBD and its role in the Eastern Economic Corridor. North Sydney's neighbourhoods and lifestyle assets will continue to provide housing close to jobs, services and infrastructure, and give the area a unique character.

The North District will have new networks for walking and cycling both within and between strategic centres, along main roads, and along the coast from Manly through to Palm Beach. It will also have networks of open space and urban tree canopy as the Greater Sydney Green Grid is developed.
